## **1. Introduction**

Hey there!

Thank you for getting your copy of Mega Clients Guide. In this short, but very powerful guide, I am going to show you a method to find potential clients (in other niches as restaurants) who are paying thousands of USD each month to buy online traffic to their business but do not have a list building system in their websites. This is a very big opportunity – as these clients easily convert to paying clients and you can charge them much higher fees.

## **2. The Method**

To find potential clients who are currently paying big amounts of money for getting online traffic to their websites we'll use a free service of an online tool called SpyFu.com. It has a very useful tool called SpyFu Leads where you can search businesses that are advertising online in Google – and you can filter them by niche, budget, traffic etc.

### 3. Steps To Find Potential Clients

Go to [SpyFu.com/Leads](https://spyfu.com/Leads) and using menu located on the left side choose an industry:

## 7. Conclusion

Once you get your first taste of success, with your first sale, you'll begin to understand it more deeply, get a feel for it and get better at it. It'll be a lot easier for you to get more clients and sales and grow your business.
